OFFICE OF LEGISLATIVE COUNSEL

Wednesday - 13 June 1973

25X1 1. [ ] George Murphy, Joint Committee on Atomic Energy staff, called to say the staff of the Watergate Committee had alerted him to the fact that Mr. Houston might be in touch with him to get access to the "Dean papers" which have been placed in Murphy's custody in the JCAE vault for safekeeping. Murphy asked if I would accompany Mr. Houston to the Joint Committee office when he desires access to the documents so that I might identify him to Murphy. Arrangements have been made for Mr. Houston and I to go to the JCAE at 11 o'clock tomorrow morning.

25X1 2. [ ] Received a call from Mr. Shuey, Library of Congress, who said he was interested in getting any updated material we could provide in connection with studies prepared by [ ] 25X1 [ ] which appeared in the Joint Economic Committee publication in May 1972. He was particularly interested in the material on currency holdings in the PRC. I told him I would check on this and be back in touch with him tomorrow.

25X1 3. [ ] Received a call from Suzanne Langsdorf, in the office of Representative Ogden Reid, who asked if we could check to see if we had any possible way of employing one [ ] who 25X1A has applied before. She said he was interviewed two months ago and told we had nothing for him at that time. I told her I would ask Personnel to look again and we would be in touch with her.

25X1 4. [ ] Talked to Bill Hogan, Intelligence Subcommittee staff, House Armed Services Committee, who told me that the caption for today's hearing by the Committee in the press is one that has been adopted to minimize questions about Committee jurisdiction. John Ehrlichman will be the principal witness in today's hearing.
